

REMARKS

The application submitted herewith is amended to include a cross-reference to related applications, to cancel claims previously prosecuted in the parent application, and to cancel claims that may become the subject matter of one or more future divisional applications. Referring to the restriction requirement dated July 7, 2003 in the parent application U.S.S.N. 10/267,386, remaining claims 23-34 in the subject application are directed to Species 3 of Figs. 12-14. No new matter is sought to be entered by these amendments.

Accordingly, Applicants submit that their claims 23-34 are in condition for favorable consideration, culminating in allowance. Such action is respectfully requested.

Respectfully submitted,
